

How many females have been assaulted (G.B.H, A.B.H etc.) in your area each year for the past 10 years?

Of the 46 police forces this question was posed to under freedom of information 13 either refused to answer citing that the request would take longer than 18 hours or they did not respond.

This FOI request was posed in November 2021, this report is being written in February 2022 leaving more than enough time for the police forces to respond during the Covid epidemic.

2011 = 82859 assaults in total.

2012 = 110587 assaults in total

2013 = 115622 assaults in total

2014 = 134990 assaults in total

2015 = 163575 assaults in total

2016 = 199187 assaults in total

2017 = 240139 assaults in total

2018 = 269059 assaults in total

2019 = 304757 assaults in total

2020 = 299089 assaults in total

2021 (supplied data) = 255760 assaults in total.

If we break this down by year the results are easier to understand.

2011.

1st If we divide 82859 by the 33 police forces that responded we can average a total of approximately 2,511 general assaults against females per police force.

2nd Using the original total of 82859 divided by 52 we get an average of 1,593 assaults per week.

3rd If we then divide the per police force average, 2,511 by 52 it becomes 48 assaults per week, per area. Or 7 assaults per day per area.

2012.

1st If we divide 110587 by the 33 police forces that responded we can average a total of approximately 3,351 general assaults against females per police force.

2nd Using the original total of 110587 divided by 52 we get an average of 2,127 assaults per week.

FAMILY LIVES MATTER

3rd If we then divide the per police force average, 3,351 by 52 it becomes 64 assaults per week, per area. Or 9 assaults per day per area. An increase of 2 assaults per day, per area.

2013.

1st If we divide 115622 by the 33 police forces that responded we can average a total of approximately 3,504 general assaults against females per police force.

2nd Using the original total of 115622 divided by 52 we get an average of 2,224 assaults per week.

3rd If we then divide the per police force average, 3,504 by 52 it becomes 67 assaults per week, per area. Or 10 assaults per day per area. A decrease of 1 crime per day per area.

2014

1st If we divide 134990 by the 33 police forces that responded we can average a total of approximately 4,091 general assaults against females per police force.

2nd Using the original total of 134990 divided by 52 we get an average of 2,596 assaults per week.

3rd If we then divide the per police force average, 4,091 by 52 it becomes 79 assaults per week, per area. Or 11 assaults per day per area. An increase of 1 assault per day per area.

2015

1st If we divide 163575 by the 33 police forces that responded we can average a total of approximately 4,957 general assaults against females per police force.

2nd Using the original total of 163575 divided by 52 we get an average of 3,146 assaults per week.

3rd If we then divide the per police force average, 4,957 by 52 it becomes 95 assaults per week, per area. Or 14 assaults per day per area. An increase of 3 assaults per day per police force.

2016

1st If we divide 199187 by the 33 police forces that responded we can average a total of approximately 6,036 general assaults against females per police force.

2nd Using the original total of 199187 divided by 52 we get an average of 3,831 assaults per week.

3rd If we then divide the per police force average, 6,036 by 52 it becomes 116 assaults per week, per area. Or 17 assaults per day per area. An increase of 3 assaults per day, per police force.

2017

1st If we divide 240139 by the 33 police forces that responded we can average a total of approximately 7,277 general assaults against females per police force.

2nd Using the original total of 240139 divided by 52 we get an average of 4,618 assaults per week.

3rd If we then divide the per police force average, 7,277 by 52 it becomes 140 assaults per week, per area. Or 20 assaults per day per area. An increase of 3 assaults per day per police force.

2018

1st If we divide 269059 by the 33 police forces that responded we can average a total of approximately 8,153 general assaults against females per police force.

FAMILY LIVES MATTER

2nd Using the original total of 269059 divided by 52 we get an average of 5,174 assaults per week.

3rd If we then divide the per police force average, 8,153 by 52 it becomes 157 assaults per week, per area. Or 22 assaults per day per area. An increase of 2 assaults per day per police force.

2019

1st If we divide 304757 by the 33 police forces that responded we can average a total of approximately 9,235 general assaults against females per police force.

2nd Using the original total of 304757 divided by 52 we get an average of 5,861 assaults per week.

3rd If we then divide the per police force average, 9,235 by 52 it becomes 178 assaults per week, per area. Or 25 assaults per day per area. An increase of 3 assaults per day per police force.

2020

1st If we divide 299089 by the 33 police forces that responded we can average a total of approximately 9,063 general assaults against females per police force.

2nd Using the original total of 299089 divided by 52 we get an average of 5,752 assaults per week.

3rd If we then divide the per police force average, 9,063 by 52 it becomes 174 assaults per week, per area. Or 25 assaults per day per area.

2021

1st If we divide 255760 by the 33 police forces that responded we can average a total of approximately 7,750 general assaults against females per police force.

2nd Using the original total of 255760 divided by 52 we get an average of 4,918 assaults per week.

3rd If we then divide the per police force average, 7,750 by 52 it becomes 149 assaults per week, per area. Or 21 assaults per day per area. A decrease of 4 assaults per day per police force.

It should be noted that not all assaults reported include a gender, as such these numbers are the lowest estimates of assaults where a female is a victim.
