

How many males have been raped in your area each year for the past 10 years?

Of the 46 police forces this question was posed to under freedom of information 13 either refused to answer citing that the request would take longer than 18 hours or they did not respond.

This FOI request was posed in November 2021, this report is being written in February 2022 leaving more than enough time for the police forces to respond during the Covid epidemic.

2011 = 700 rapes in total.

2012 = 1032 rapes in total

2013 = 1545 rapes in total

2014 = 1804 rapes in total

2015 = 2442 rapes in total

2016 = 3064 rapes in total

2017 = 3989 rapes in total

2018 = 5019 rapes in total

2019 = 5876 rapes in total

2020 = 5593 rapes in total

2021 (supplied data) = 5565 rapes in total.

If we break this down by year the results are easier to understand.

2011.

1st If we divide 700 by the 33 police forces that responded we can average a total of approximately 21 rapes against males per police force.

2nd Using the original total of 700 divided by 52 we get an average of 13 rapes per week.

2012.

1st If we divide 1032 by the 33 police forces that responded we can average a total of approximately 31 rapes against males per police force.

2nd Using the original total of 1032 divided by 52 we get an average of 20 rapes per week.

An increase of 7 per week.

2013

1st If we divide 1545 by the 33 police forces that responded we can average a total of approximately 47 rapes against males per police force.

2nd Using the original total of 1545 divided by 52 we get an average of 30 rapes per week.

An increase of 10 per week.

2014

1st If we divide 1804 by the 33 police forces that responded we can average a total of approximately 55 rapes against males per police force.

2nd Using the original total of 1804 divided by 52 we get an average of 35 rapes per week.

An increase of 5 per week

2015

1st If we divide 2442 by the 33 police forces that responded we can average a total of approximately 74 rapes against males per police force.

2nd Using the original total of 2442 divided by 52 we get an average of 47 rapes per week.

An increase of 12 per week.

2016

1st If we divide 3064 by the 33 police forces that responded we can average a total of approximately 93 rapes against males per police force.

2nd Using the original total of 3064 divided by 52 we get an average of 59 rapes per week.

An increase of 12 per week

2017

1st If we divide 3989 by the 33 police forces that responded we can average a total of approximately 121 rapes against males per police force.

2nd Using the original total of 3989 divided by 52 we get an average of 77 rapes per week.

An increase of 18 per week

2018

1st If we divide 5019 by the 33 police forces that responded we can average a total of approximately 152 rapes against males per police force.

2nd Using the original total of 5019 divided by 52 we get an average of 97 rapes per week.

An increase of 20 per week

2019

FAMILY LIVES MATTER

1st If we divide 5876 by the 33 police forces that responded we can average a total of approximately 178 rapes against males per police force.

2nd Using the original total of 5876 divided by 52 we get an average of 113 rapes per week.

An increase of 15 per week

2020

1st If we divide 5593 by the 33 police forces that responded we can average a total of approximately 169 rapes against males per police force.

2nd Using the original total of 5593 divided by 52 we get an average of 108 rapes per week.

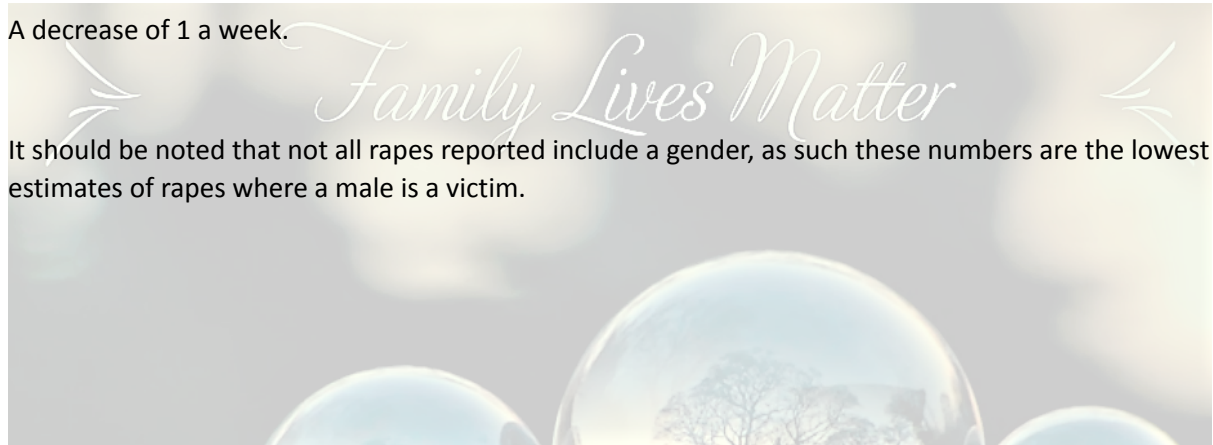

A decrease of 5 per week

2021

1st If we divide 5565 by the 33 police forces that responded we can average a total of approximately 169 rapes against males per police force.

2nd Using the original total of 5565 divided by 52 we get an average of 107 rapes per week.

A decrease of 1 a week.

It should be noted that not all rapes reported include a gender, as such these numbers are the lowest estimates of rapes where a male is a victim.
